

MARTOL EV 10 CF

Metalworking

Fast vanishing lubricant.

UTILISATIONS

- Stamping, pressing, forming.
- This product is particularly suitable for pressed components produced from 0.2 to 0.5 mm thick blanks which must not be degreased.

ADVANTAGES

- Suitable for incidental food contact.
- Very clear mineral oil.
- Excellent dispersion of oil film.
- Good pressing capacity.
- Odourless.
- Chlorine free and sulfur free.

TYPICAL CHARACTERISTICS	METHODS	UNITS	MARTOL EV 10 CF
Density at 15 °C	ISO 12185	kg/m ³	764
Colour	visual	-	transparent
Viscosity at 20°C	ISO 3104	mm ² /s	1.8
Viscosity at 40°C	ISO 3104	mm ² /s	1.3
Flash point (PM)	ISO 2719	°C	> 61°C

Above characteristics are mean values given as an information.
