

# Shell Helix ECO 5W-40

*Fully-synthetic engine oil, designed for reliable performance of gasoline and diesel engines*

Shell Helix ECO (Engine Care & Optimisation) is fully synthetic motor oil designed to optimize the cost of the car maintenance.

## Proud Drivers Choose Shell Helix

### Performance, Features & Benefits

Helps to optimize the cost of car maintenance:

- reliably protects engine parts against wear and extends service life\*;
- keeps stable properties of engine oil during drain interval, till next oil change\*\*

\* - in reference to API SN

\*\* - as per OEM recommendation

### Main Applications

- Shell Helix ECO 5W-40 fully synthetic formulation can be used for modern gasoline engines, diesel engines.

### Specifications, Approvals & Recommendations

- API SN, CF, SM, SL, SJ

Advice on applications not covered here may be obtained from your Shell or Shell Lubricants distributor representatives or technical helpdesks.

### Typical Physical Characteristics

| Properties          |        |                   | Method     | Helix ECO 5W-40 |
|---------------------|--------|-------------------|------------|-----------------|
| Density             | @15°C  | kg/m <sup>3</sup> | ASTM D4052 | 845.6           |
| Flash Point         |        | °C                | ASTM D92   | 232             |
| Kinematic Viscosity | @100°C | cSt               | ASTM D445  | 13.7            |
| Kinematic Viscosity | @40°C  | cSt               | ASTM D445  | 81.3            |

These characteristics are typical of current production. Whilst future production will conform to Shell's specification, variations in these characteristics may occur.

### Health, Safety & Environment

#### • Health and Safety

This product is unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water.

Guidance on Health and Safety is available on the appropriate Safety Data Sheet.

#### • Protect the Environment

Take used oil to an authorised collection point. Do not discharge into drains, soil or water.
