

## RAVENOL Professional Radiator Cleaner

ART.-NR. 1390302

250 ml | 1390302-250

**RECOMMENDATIONS** KANN ZU EINER VERBESSERTEN KÜHLLLEISTUNG NACH REPARATUREN AM KÜHLSYSTEM FÜHREN

*Cleaning additive for all radiators.*

**RAVENOL Professional Radiator Cleaner** is a radiator cleaning additive, which is used for the quick and easy cleaning of the cooling and heating system.

**RAVENOL Professional Radiator Cleaner** breaks down and binds greasy and oily deposits in radiators, heating systems and pipelines.

**RAVENOL Professional Radiator Cleaner** infiltrates and eliminates sludge and corrosion deposits.

**RAVENOL Professional Radiator Stop Cleaner** neutralises lime residue.

## Application Notes

**RAVENOL Professional Radiator Cleaner** is added to the radiator. It is recommended to replace rubber parts affected by oil seepage.

Area of application:

- Radiator repairs
- In the event of reduced radiator performance
- In the event of deposits in the cooling system
- Changing coolant
- For cleaning purposes after engine repairs due to oil in the cooling system

Application: **RAVENOL Professional Radiator Cleaner** suffices for up to 10 l of coolant.

Drain contaminated coolant before cleaning and fill up with fresh water.

Fill in **RAVENOL Professional Radiator Cleaner** and allow the engine to run at operating temperature for approx. 30 minutes. Drain contaminated mixture – in the case of severe contamination, repeat treatment if necessary. Rinse cooling system with clear water. Refill and remove air after cleaning the cooling system and check for leak tightness.

## Characteristics

RAVENOL Professional Radiator Cleaner provides:

- Cleaning of the cooling and heating system
- Protection of the new coolant against prior contamination
- Elimination of sludge and corrosion residue
